IMPORTANT: Service Discontinuance Notification for Account # <Acct #>
This Change in Service Requires Action on Your Part

Dear Valued Customer,

Because your business matters to us, we wanted to provide advance notification of an important change we are making for services in your area. This change will require action on your part in order to avoid service interruption.

The platform that currently supports local exchange, long distance and digital subscriber line (DSL) services has reached the end of its useful life and will soon be decommissioned*. As a result, certain customers in the Fargo and Grand Forks, North Dakota areas will have these services retired on or about April 30, 2018. We would like to work with you to make you aware of your options and assist you in any way possible to ensure a smooth transition prior to the service retirement.

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of McLeodUSA Telecommunications Services, LLC. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

We will be reaching out to you shortly to discuss an alternative service solution. Thank you for your time and attention to this important matter. If you have any questions, please contact us at 800.347.1991.

Sincerely,

Customer Care
